The complete unit must be manufactured in accordance with the latest adopted OSHA or SAE Standards and amendments thereto. Parts and service availability **MUST** be within 24-48 hours of contact.

2.0 DELIVERY & INSPECTION

Bid prices for all options shall include delivery costs by the lessor to the <u>Columbia Maintenance building located at 4201 Paris Road, Columbia, MO 65202</u>. Delivery will be by appointment only to allow the MoDOT Area Mechanic or his representative to do a complete inspection of the unit, including service records, at which time; photos will be taken to document the condition of the machine. The service records MUST show a full service period with the machine ready to go. (For example, if the vendor/manufacturer requires 250 hour service periods, the unit must be ready to run for the full 250 hours before service of the unit is required.) An official representative of the successful bidding company shall be present to participate in the inspection. If a unit has not been provided by the delivery deadline, the compensation due the lessor will be reduced at a rate of \$600.00 per day for all working days a unit is not available during the lease period (which begins May 1). If this exceeds 10 working days, MoDOT reserves the right to obtain another unit from the next lowest bidder (or) other resources. At the end of the lease period when the unit is to be picked up, no unit will be released to a freight hauling company, unless the successful bidding company representative has properly inspected the unit in the presence of a MoDOT Area Mechanic or his representative. The lessor will supply MoDOT with the manufacturers and/or lessor's scheduled hourly maintenance chart(s), which MoDOT will use as a guide to contact lessor when unit needs serviced.

4.0 DOWNTIME

Daily availability of this unit is <u>critical</u> to MoDOT's project schedule. If the unit is unavailable for use for **more than 48-hours**, at any time, **the lessor must substitute a loan unit of mutually agreed upon type** to reduce any downtime that might keep MoDOT crew's from finishing their projects on time. The substitute unit must be provided within 3 days after the initial 2 days of downtime has accrued, unless a MoDOT representative agrees to a more flexible arrangement offered by the lessor. If after this time a substitute unit has not been provided or the original unit has not been repaired, the compensation due the lessor will be reduced at a rate of \$600.00 per day for all working days a unit is not available during the lease period, including the initial downtime. If this exceeds 10 working days, MoDOT reserves the right to obtain another unit from the next lowest bidder or other resources. If such a unit is obtained, MoDOT reserves the right to terminate the original lease from the first vendor, and will continue with the second vendor for the duration of the original lease period. Should the MHTC exercise its right to cancel the contract for such reasons, cancellation will become effective upon the date specified in the notice of cancellation sent to the Contractor.
- b. If the MHTC cancels the contract for breach, the MHTC reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as the MHTC deems appropriate and charge the Contractor for any additional costs incurred thereby.

Bankruptcy or Insolvency

a. Upon filing for any bankruptcy or insolvency proceeding by or against the Contractor, whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assigned the benefit or creditors, the Contractor must notify MoDOT immediately. Upon learning of any such actions, the MHTC reserves the right, at its sole discretion, to either cancel the contract or affirm the contract and hold the Contractor responsible for damages.

Inventions, Patents, and Copyrights

a. The Contractor shall defend, protect, and hold harmless the MHTC, its officers, agents, and employees against all suits of law or in equity resulting from patent and copyright infringement concerning the Contractor's performance or products produced under the terms of the contract.

Inspection and Acceptance

- a. No equipment, supplies, and/or services received by MoDOT pursuant to a contract shall be deemed accepted until MoDOT has had reasonable opportunity to inspect said equipment, supplies, and/or services.
- b. All equipment, supplies, and/or services which do not comply with the specifications and/or requirements or which are otherwise unacceptable or defective may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the Contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.
- c. The MHTC reserves the right to return any such rejected shipment at the Contractor's expense for full credit or replacement and to specify a reasonable date by which replacements must be received.
- d. The MHTC's right to reject any unacceptable equipment, supplies, and/or services shall not exclude any other legal, equitable or contractual remedies the MHTC may have.

Warranty

- a. The Contractor expressly warrants that all equipment, supplies, and/or services provided shall: (1) conform to each and every specification, drawing, sample or other description which was furnished to or adopted by MoDOT, (2) be fit and sufficient for the purpose expressed in the solicitation documents, (3) be merchantable, (4) be of good materials and workmanship, and (5) be free from defect.
- b. Such warranty shall survive delivery and shall not be deemed waived either by reason of the MHTC's acceptance of or payment for said equipment, supplies, and/or services.

Status of Independent Contractor

a. The Contractor represents itself to be an independent Contractor offering such services to the general public and shall not represent itself or its employees to be an employee of the MHTC. Therefore, the Contractor shall assume all legal and financial responsibility for taxes, FICA, employee fringe benefits, workers' compensation, employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save and hold the MHTC, its officers, agents and employees harmless from and against any and all losses (including attorney fees) and damage of any kind related to such matters.

Indemnification

a. The Offeror shall defend, indemnify and hold harmless the Commission, including its members and department employees, from any claim or liability whether based on a claim for damages to real or personal property or to a person for any matter relating to or arising out of the Offeror's performance of its obligations under this Agreement.
